### • **Background info on NW Area Jaycees:**

The Northwest Area Jaycees Club was founded in 1980. The Northwest Area Jaycees have been a part of the community for over 30 years; **serving and giving back to the community** in which we live. The Jaycees are an organization of people who are dedicated to providing individual development and leadership training through community work. The Northwest Area Jaycees are a **not-for-profit community organization**. We volunteer our time to raise money through community projects, fundraisers, and charitable gambling for the needs of the community and its people.

**It brings us great joy to serve others and make new friends and connections along the way.**
